

"Making Dreams Become Reality"

Evergreen Landscaping Credentials:

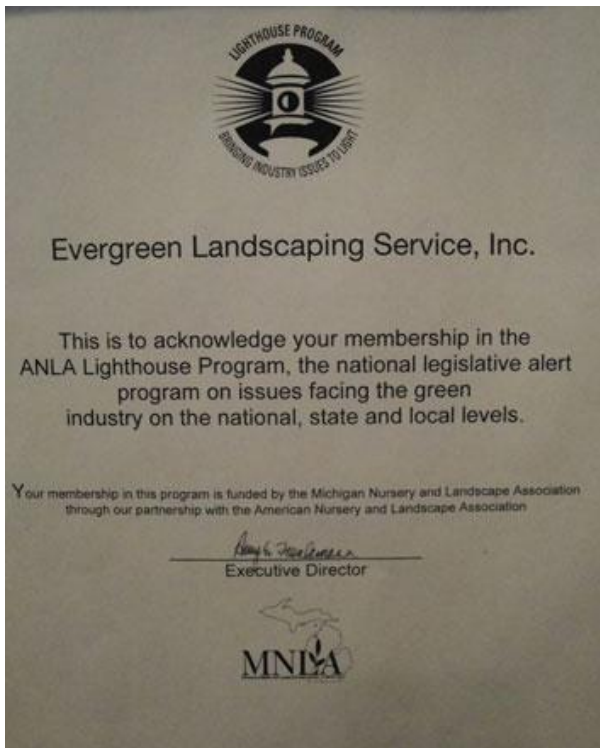

Evergreen Landscaping strives to stay on the cutting edge of all products and services we offer. By doing so we are always searching for new products, methods, and services possible, and in doing so, were looking for products that are more environmentally friendly. Evergreen Landscaping honorably participates in Plant Michigan Green events with the MNLA (Michigan Nursery and Landscape Association) planting trees within the Holland area teaching kids at local schools the importance in preserving the environment. Evergreen is a proud member of MNLA (Michigan Nursery and Landscape Association), HBA (Holland Home Builders Association), MCN (Michigan Certified Nurserymen). Evergreen Landscape proudly employs many employees with Michigan State University and Lake Superior State University degrees in landscape design and management and others pertaining to the industry. We are proudly accredited Unilock paver Authorized

Contractor. A very honorable, best paver brick and retaining wall system manufacture. This is a certification that inquires many years to acquire as continues inspections take place from there qualified staff as well as proof of staying on the cutting edge and outside the box designing aspects. Evergreen regularly attends training classes for all the products we use including Unilock paver/wall systems and Easy pro waterfall components. Choosing Evergreen landscaping Services Inc. guarantees you the best trained, accredited employees in the industry, uniquely creating your dreams to last.

Creative Designs & Quality workmanship Over 35 years experience

To Commemorate
